I've been trying for three weeks. I even tried to use my daughter's account, not long. I deleted the app and reinstalled it again, if I have the same problem then that's it... 12/12 Update: I uninstalled the app and then reinstalled, it works perfectly now!!!! We deeply regret all the trouble you've faced with the update over the past few weeks. Our team works diligently to resolve these issues and will be happy to assist you with any other concerns if you write us support@digicelinternational.com. Twice I sent my fiancé the 28-day Stay Connected program, especially for Unlimited WhatsApp. I don't know what's going on but never work whatsapp unlimited. It's over after a week to 10 days. I was trying to get support from the app... Also a waste of effort because the support option never works. I searched the internet to see if there was anything the receiver needed to do to run their program but no instructions. Djsel makes it very difficult for people to get their money for what they paid for. I'm very frustrated and disappointed. All I want to do is talk to my fiancé after I pay for the show for every one of the 28 days I paid \$30 to talk to him. I've been using this app for a while now buying programs for people in Jamaica at u s now I see on the purchase of Kennedy I don't understand. Why can't I see the us currency anymore it's going great so far now I'm starting to have a problem with it thank you so much for your rating!
